Part 1: Product · Part 2: Partner plan

shubhora.com

Four ways small businesses lose customers

The paper card gets thrown away

It has no photos, no prices, no map — and it is gone within a week.

No website, so no trust online

Customers search on Google and WhatsApp first. No page means no chance.

Enquiries at night go unanswered

A customer asks the price at 10 p.m.; by morning they have bought elsewhere.

No time to post every day

Festival wishes and offers on Status and Facebook keep you in mind — but who has the time?

One link does the work of five tools

Digital V-Card

Save contact, call, WhatsApp, map, UPI

AI assistant 24×7

Answers prices and timings on the card and WhatsApp

Website

Full site on the same link — or on your own domain

Daily poster + video

Made every morning, auto-posted to Status & Facebook

Leads & CRM

Every enquiry saved with name, number and follow-up

Built for owners who are busy running the business

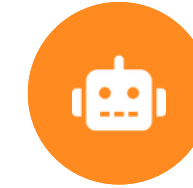

Digital V-Card

Photo, products with prices, gallery, reviews, hours, map. Opens instantly — no app to install.

Website on the same link

A full website on your Shubhora link or on your own domain (yourbusiness.com) — built from the same details.

AI assistant, 24×7

Replies in Hindi and English on the card and WhatsApp, and hands you the lead.

Daily poster & status video

Festival, greeting and product posters with the owner's name and number, every morning.

Leads, follow-ups, export

Every call, WhatsApp tap and form is captured. Reminders so nobody is forgotten.

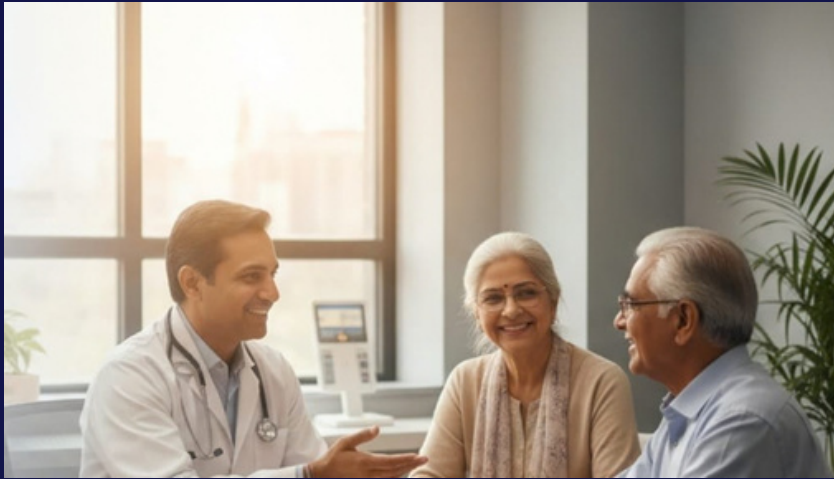

AI Studio

Product photoshoots, 10–60 s video ads, reels and long explainer videos with AI credits.

WHO IT IS FOR

Made for every kind of business

78 professions, each with its own banner, pages and wording — in 12 looks.

Doctors & clinics

Shops & kirana

Salons & spas

Restaurants & cafés

Property dealers

Insurance & finance

IT & freelancers

Direct sellers

From sign-up to first lead in one sitting

STEP 1

Sign up free

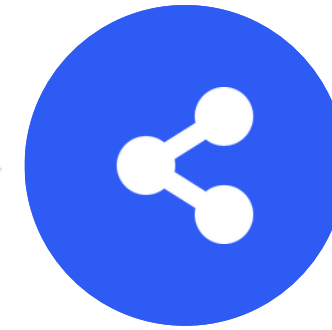

Name, number and what you do. Takes about a minute on a phone.

STEP 2

AI builds the card

PART 2

The Partner Opportunity

Direct selling isn't new. Selling the hottest product of this decade — an AI business assistant every business needs, paid every month — with a double binary, is.

Free registration

No stock, no inventory

Passive income on renewals

Teamwork — both legs grow

Work from your phone

Top ID of your city

Easy to sell, and it keeps paying

2,500

BV on every paid subscription

Monthly

Customers renew — you earn again

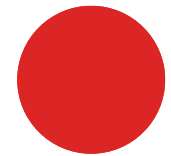

Free

Registration — always free

- A real product with a real price — businesses see the value in a 2-minute demo on their own phone.
- It is a subscription: every renewal creates BV again in a separate renewal binary.
- Your own card is the demo — share it and people ask "how do I get one?"
- Free plan first, so saying yes is easy; the upgrade comes when the leads start.

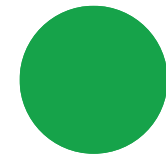

Register free as Red. Turn Green to earn.

Red ID

Free

- Free registration — always
- Your own card and User Panel
- Build your team from day one
- Pairs made while Red are not paid

Green ID

Growth plan active

- Referral bonus on every direct sale
- Pairs paid in both binaries
- Pairs count towards ranks

Your joining links

Left & right links

Choose the side yourself: .../join/you?leg=L or ?leg=R

Your card's link

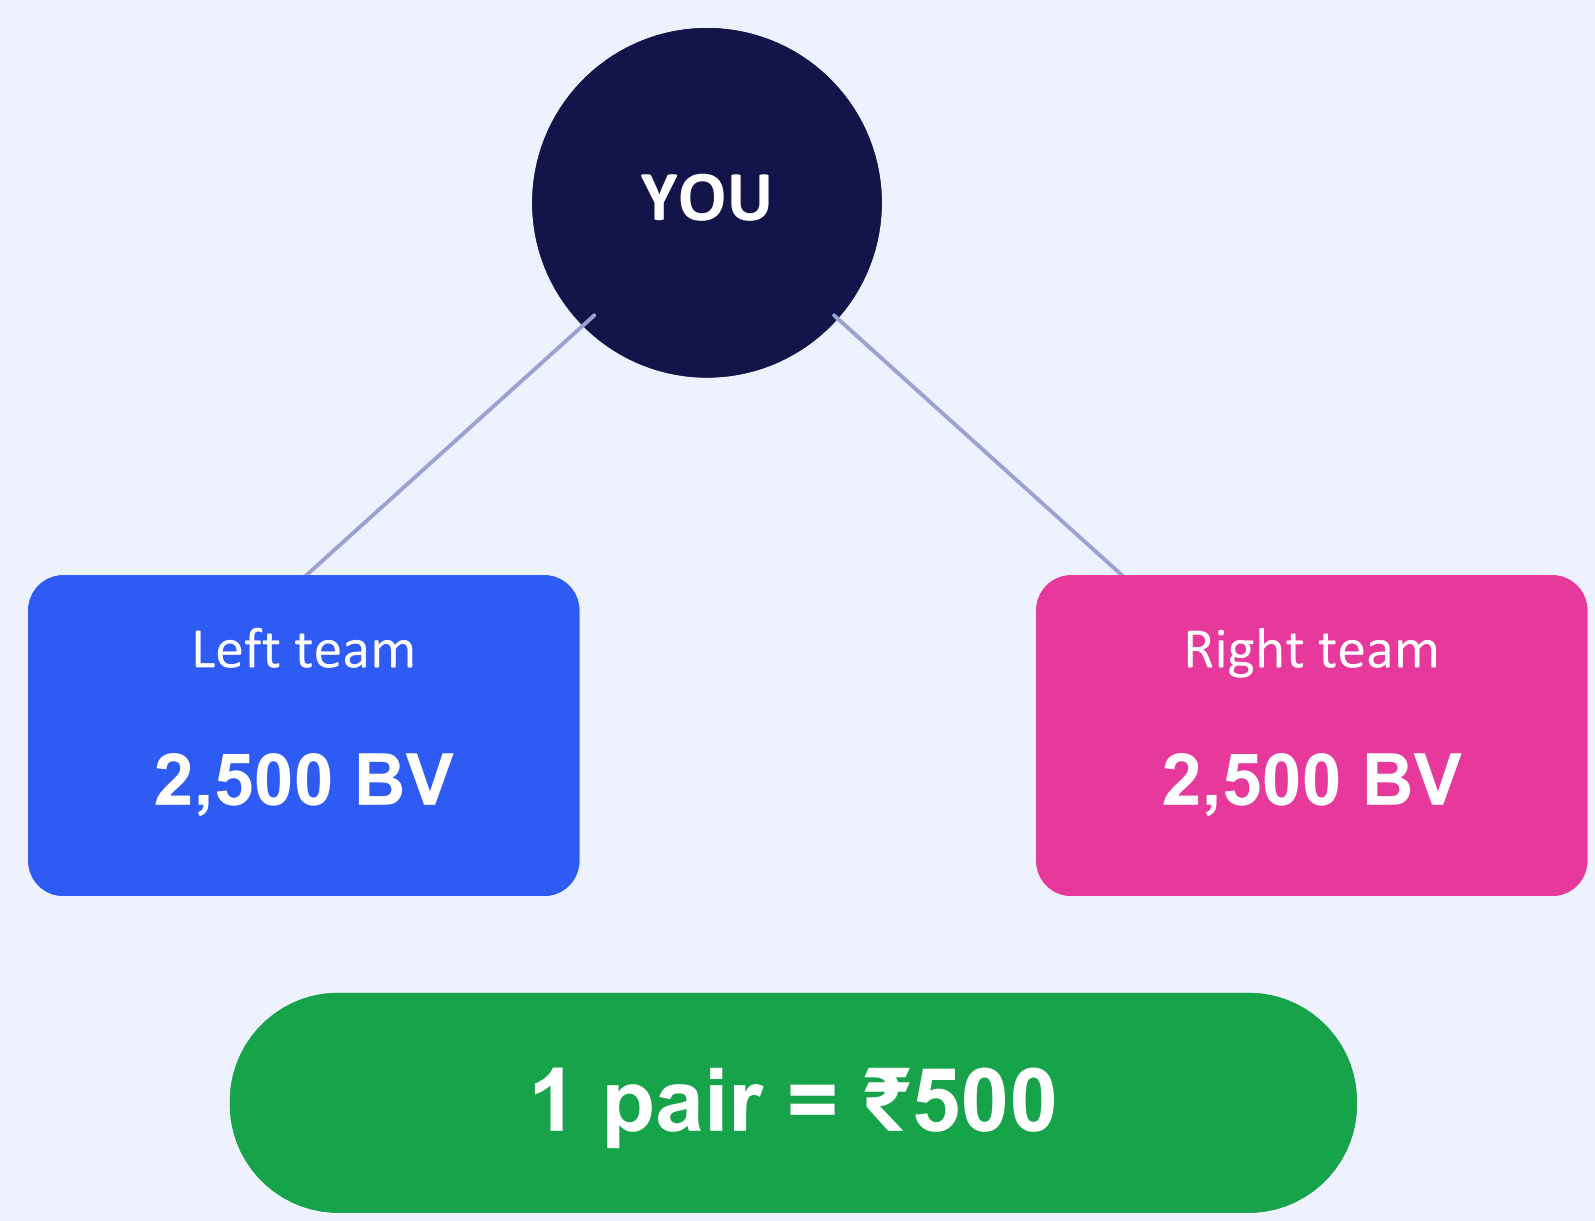

Places your first direct on the LEFT, the next on the RIGHT (both are needed for binary income), then always on your weaker side.

Referral bonus: whenever someone registers from your link and subscribes, you get AI credits worth 10% of the BV — 25 credits per 2,500 BV sale — before any pairs are counted.

Two binaries, paid on pairs

New-sale binary

BV from first-time subscriptions in your team.

Renewal binary

BV again every time those customers renew — a second, separate income.

Daily cap

10 pairs a day in each binary = up to ₹5,000 + ₹5,000 = ₹10,000 a day.

Carry-forward

Unmatched BV on the stronger side carries forward with no time limit.

All matching 1 : 1

Every pair is 1 : 1 — from the very first pair.

Priya's first month, step by step

What happens	Left / Right BV	Priya earns
Shop A pays Growth (new)	2,500 / 0	25 AI credits
Dr B pays Growth (new)	2,500 / 2,500	1 pair = ₹500 + 25 credits
Shop C pays Growth (new)	5,000 / 2,500 → carry 2,500 L	25 AI credits
B's customer D joins on the right	2,500 / 2,500 (new)	1 pair = ₹500
Next month A, B, C & D renew	5,000 / 5,000 (renewal)	1 renewal pair = ₹1,000

Amounts are gross; TDS applies once yearly income crosses ₹20,000. Income comes only from real paid subscriptions — nothing is paid for adding people.

Ten ranks on lifetime pairs — both binaries

LEVEL 1 Starter ₹1,000 10 pairs	LEVEL 2 Builder ₹3,000 40 pairs	LEVEL 3 Achiever ₹10,000 150 pairs	LEVEL 4 Rising Star ₹25,000 500 pairs	LEVEL 5 Leader ₹75,000 2,000 pairs
LEVEL 6 Master ₹2 lakh* 6,000 pairs	LEVEL 7 Visionary ₹6 lakh* 20,000 pairs	LEVEL 8 Legend ₹15 lakh* 60,000 pairs	LEVEL 9 Royal ₹25 lakh* 1,20,000 pairs	LEVEL 10 Crown ₹50 lakh* 2,00,000 pairs

Pairs = total of the new-sale and renewal binaries, including pairs above the daily cap. * Paid in monthly instalments (Master 10 · Visionary 20 · Legend 30 · Royal 40 · Crown 50) from a reward pool of 5% of monthly turnover.

Closing, payout and tax — in writing

Weekly closing

Every Sunday at 12:00 midnight — the week's pairs are matched and credited.

Wednesday payout

Payouts are transferred to your bank every Wednesday.

Minimum ₹500

A payout is made once your wallet reaches ₹500.

KYC first

PAN and bank account approved before the first payout.

TDS

2% with PAN (20% without) once yearly income crosses ₹20,000.

Real sales only

No income for registering; refunds reverse the BV and income they made.
