Together*

**Your whole business on one link — and a
business of your own selling it.**

Digital V-Card • Website • AI assistant • Daily posters • CRM

Part 1: Product • Part 2: Partner plan

shubhora.com

Four ways small businesses lose customers

The paper card gets thrown away

It has no photos, no prices, no map — and it is gone within a week.

No website, so no trust online

Customers search on Google and WhatsApp first. No page means no chance.

Enquiries at night go unanswered

A customer asks the price at 10 p.m.; by morning they have bought elsewhere.

No time to post every day

Festival wishes and offers on Status and Facebook keep you in mind — but who has the time?

One link does the work of five tools

Share one link — customers get everything they need, and every enquiry comes back to you.

Built for owners who are busy running the business

Digital V-Card

Photo, products with MRP and offer price, gallery, reviews, hours, map. Opens instantly — no app to install.

Website on the same link

A full website on your Shubhora link, built from the same details. Want a personal domain? Buy it and connect it.

AI assistant, 24x7

Replies in the customer's language — Hindi, English, Hinglish and more — on the card and WhatsApp, and hands you the lead.

Daily poster & status video

Festival, greeting and offer posters with your name and number, made every morning and auto-posted.

Leads, follow-ups, export

Every call, WhatsApp tap and form is saved. Reminders so nobody is forgotten.

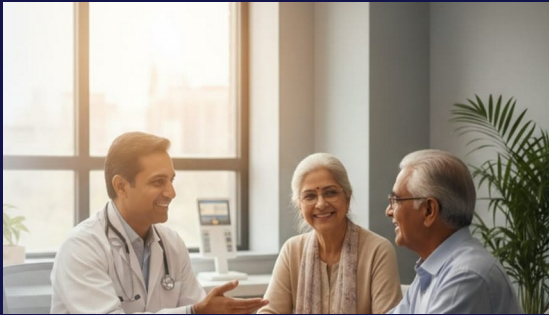

AI Studio

Product photoshoots, 10–60 s video ads, reels and long explainer videos — pay only for what you make.

WHO IT IS FOR

Made for every kind of business

78 professions, each with its own banner, pages and wording — in 12 looks. See them all at shubhora.com/templates

Doctors & clinics

Shops & kirana

Salons & spas

Restaurants & cafés

Property dealers

Insurance & finance

IT & freelancers

Direct sellers

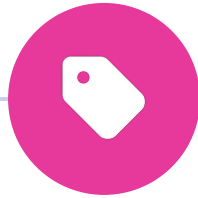

From sign-up to a live card in minutes

STEP 1

Sign up free

Mobile number, name and what you do — about a minute on any phone.

STEP 2

Add your products

Photo, name, MRP and offer price — customers see the discount on the card.

STEP 3

AI builds the card

Banner, about, services and FAQ written for your trade in under a minute.

STEP 4

Share and get leads

WhatsApp the link, put the QR on the counter — every tap is a saved lead.

Learn it in 5 minutes

A step-by-step video (Hindi) on the Shubhora Facebook page — scan it on the next slide.

Works on any phone

Install the app from shubhora.com/app — Android or iPhone, no Play Store needed.

Scan with your phone camera

Answers customers at night	✓	✗
Saves every enquiry as a lead	✓	✗
Shared on WhatsApp in one tap	✓	✗
Cost to start	Free	₹500-₹2,000 per print

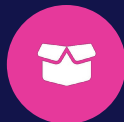

PART 2

The Partner Opportunity

Direct selling isn't new. Selling the product of this decade — an AI business assistant every business needs, paid every month — with a double binary, is.

Free registration

No stock, no inventory

Renewals pay again

Teamwork — both legs grow

Work from your phone

Top ID of your city

Easy to sell, and it keeps paying

2,500

BV on every paid subscription

Monthly

Customers renew — BV is created again

Free

Registration — always free

A real product with a real price

Businesses see the value in a 2-minute demo on their own phone.

It is a subscription

Every renewal creates BV again, in a separate renewal binary.

Your own card is the demo

Share it and people ask: “how do I get one?”

Free first, so saying yes is easy

The upgrade to Growth comes when the leads start.

Register free as Red. Turn Green to earn.

Red ID

Free

- Free registration — always
- Your own card and partner panel
- Build your team from day one
- Pairs made while Red are not paid

Green ID

Growth plan active

- Referral bonus on every direct sale
- Pairs paid in both binaries
- Pairs count towards ranks

Your joining links

Left & right links

Choose the side yourself:

shubhora.com/join/you?leg=L or [?leg=R](https://shubhora.com/join/you?leg=R)

Your card's link

Your first direct goes on the LEFT, the next on the RIGHT (both are needed for pairs), then always on your weaker side.

Referral bonus: whenever someone registers from your link and subscribes, you get AI credits worth 10% of the BV — 25 credits per 2,500 BV sale — before any pairs are counted.

Two binaries, paid on pairs

Every pair is paid ₹500 — into your wallet every night, to your bank every week.

New-sale binary

BV from first-time subscriptions in your team.

Renewal binary

BV again each time those customers renew — needs your own plan active.

Daily cap

Up to 10 pairs a day in each binary — ₹5,000 + ₹5,000 = up to ₹10,000 a day.

Carry-forward

Unmatched BV on the stronger side carries forward, with no time limit.

All matching 1 : 1

Every pair is 1 : 1 — from the very first pair.

Priya's first month, step by step

Priya is Green (her Growth plan is active). Shop A and Shop C join on her left, Dr B on her right.

What happens	Team BV (left / right)	Priya earns
Shop A pays Growth — new, left team	2,500 / 0	25 AI credits
Dr B pays Growth — new, right team	2,500 / 2,500 → 1 pair	₹500 + 25 AI credits
Shop C pays Growth — new, left team	5,000 / 2,500 → 2,500 left carries	25 AI credits
Next month A, B and C renew	Renewal binary: 5,000 / 2,500 → 1 pair	₹500 (renewal pair)
Dr B's customer D pays Growth — new, right team	5,000 / 5,000 → the carried 2,500 pairs	₹500 (D's credits go to Dr B)

An example to explain the rules. Amounts are gross; TDS applies once yearly income crosses ₹20,000. Income comes from real paid subscriptions — no money just for adding people.

New sales pay once. Renewals keep adding up.

Suppose Priya's team gets 2 new paying businesses a month — one on each side — and every business keeps renewing.

Month	New businesses	New-sale pairs	Businesses renewing	Renewal pairs	Pair income
1	2	1	0	0	₹500
2	2	1	2	1	₹1,000
3	2	1	4	2	₹1,500
4	2	1	6	3	₹2,000
5	2	1	8	4	₹2,500
6	2	1	10	5	₹3,000
...					
12	2	1	22	11	₹6,000

How to read it

- A new sale pays once — in the new-sale binary.
- Every business that stays pays again each month — in the renewal binary.
- Month 3: the 2 from month 1 and the 2 from month 2 renew = 4 businesses = 2 renewal pairs.
- So renewal pairs grow as the customer base grows — every renewal pays again.

An example to explain the rules. Renewal pairs need Priya's own plan to be active — and as her customer base grows, her renewal pairs keep growing.

How ₹3,00,000 a month adds up

Up to 10 pairs a day in each binary (₹5,000 a day each) — over a 30-day month, up to 300 pairs in each binary:

New-sale binary

600

new paying businesses in that month

300 on your left + 300 on your right — all buying for the first time that month.

$300 \text{ pairs} \times ₹500 = ₹1,50,000$ in that month.

Renewal binary

600

businesses renewing in that month

300 on each side, renewing through the month — about 20 renewals every day.

$300 \text{ pairs} \times ₹500 = ₹1,50,000$ in that month — with your own plan active.

Both binaries together: up to ₹3,00,000 a month. Every pair that forms is paid — and every renewal pays again, month after month.

Ten ranks on lifetime pairs — both binaries

LEVEL 1 Starter ₹1,000 10 pairs	LEVEL 2 Builder ₹3,000 40 pairs	LEVEL 3 Achiever ₹10,000 150 pairs	LEVEL 4 Rising Star ₹25,000 500 pairs	LEVEL 5 Leader ₹75,000 2,000 pairs
LEVEL 6 Master ₹2 lakh* 6,000 pairs	LEVEL 7 Visionary ₹6 lakh* 20,000 pairs	LEVEL 8 Legend ₹15 lakh* 60,000 pairs	LEVEL 9 Royal ₹25 lakh* 1,20,000 pairs	LEVEL 10 Crown ₹50 lakh* 2,00,000 pairs

Pairs = total of the new-sale and renewal binaries, including pairs above the daily cap. * Paid in monthly instalments (Master 10 • Visionary 20 • Legend 30 • Royal 40 • Crown 50) from a reward pool of 5% of monthly turnover. Rewards of ₹10,000 or more are released after an admin check.

Matching daily, payout weekly — in writing

Daily matching

Pairs are matched every night and credited to your wallet.

Automatic weekly payout

After Sunday's midnight closing, your whole wallet (₹500 or more) is sent for payout — no request needed.

Wednesday transfer

The company transfers every payout to your approved bank account on Wednesday.

No KYC, no payout

PAN and bank account must be approved; until then the money stays safe in your wallet.

TDS, no admin charge

2% with PAN (20% without) once yearly income crosses ₹20,000. No admin charge.

Real sales only

No income for registering; refunds reverse the BV and the income they made.

Your income, your growth. Every pair that forms is paid by the plan's rules — the more real businesses your team brings and keeps, the more you earn.

Register free today. Own the top ID of your city.

1

Open your introducer's link

shubhora.com/join/their-name — or tap “Get your own Shubhora — free” on their card.

2

Choose “Sell Shubhora as a partner”

Tap “Make my Shubhora card”: your seller card is made with your name, photo and number — ready to share.

3

Share your card every day

WhatsApp, Status, groups, the people you meet. Every sign-up joins your team.

4

Turn Green and earn

Activate Growth (₹2,999) — from that day your pairs are paid.

Get the app

shubhora.com/app

Android or iPhone — no Play Store needed. Card, posters, leads and your team in one place.

Your whole business on one link.

Start free today — and build a business of your own by sharing it.
