

Premium water Ionizer with smart WiFi connectivity

Aura | Aura+ | Aura Maxx |

A clean, modern product range built around simple operation, multiple water-use modes, Auto pH Control, PH Calibration, Biggest Hybrid Plate size with WiFi Connectivity

 **WELLWA LIFE**
PREMIUM SMART WELLNESS TECH

Water should be simple to choose and easy to use

People do not want a complicated appliance. They want confidence at the tap, clear modes, and a product that looks at home on the counter.

Everyday drinking

Simple selection for daily water preferences, cooking, and family routines.

Dedicated use modes

Separate modes help customers understand what water type to use and when.

Low-friction operation

Direct buttons, clear display status and information make the system easier to explain.

Wellwa position

Premium design + clear modes + smart WiFi controls.

Simple enough for a showroom demo and polished enough for premium home placement.

Two smart controls define the Wellwa experience

The range is easy to explain because the most important controls are visible, connected, and designed for repeatable daily use.

AURA+ | 7 PLATES

USP 01

Smart WiFi

App status, remote support, firmware updates, and smart alerts.

USP 02

Auto pH Control

Automatic calibration helps keep the selected pH output stable during regular daily use.

Visible intelligence

Display pH, mode, and WiFi status upfront during every demo.

Everyday confidence

Seven named water modes plus E-Clean make operation easier to understand and own.

A focused range with a clear plate story

Three distinct finishes. One connected platform. Solid Hybrids Plate count gives customers a simple way to understand the range.

Aura

Soft pink finish for premium home and lifestyle-focused customers.

5 PLATES | WIFI

Aura+

Grey finish with a 7-plate step-up for growing households.

7 PLATES | WIFI

Aura Maxx

Marble front design for the flagship visual and performance tier.

8 PLATES | WIFI

Modes make the product easier to demonstrate

The front panel organizes water choices into clear modes.
Auto pH Control helps the selected output stay consistent.
While WiFi keeps the machine connected.

 Alk 8.5 gentler daily alkaline mode	 Alk 9.0 regular alkaline selection
 Alk 9.5 stronger alkaline selection	 Alk 11.0+ high alkaline mode
 Purified neutral daily option	 Beauty beauty-use mode
 E-Clean automatic cleaning cycle	 Stop / WiFi connected status

Smart WiFi comes standard across every model

Aura, Aura+, and Aura Maxx carry the same connected-product promise: control, connect, and care from anywhere.

Control. Connect. Care.

From anywhere, anytime.

Mobile app control

Smart control from phone.

Remote access

Status visibility for support.

Firmware update

Remote software update story.

Online engineer review

Service-support confidence.

Smart alerts

maintenance reminders.

WIFI IN ALL 3 MODELS

A simple comparison makes the range easier to choose

Practical selling points are easy to explain

WiFi across all models

Aura, Aura+, and Aura Maxx share the same smart-connectivity story.

Auto pH Control

Automatic calibration supports a stable selected pH output during daily use.

Seven named modes

Clear presets make the water-use story easier to demonstrate.

E-Clean + alerts

Cleaning mode, filter-life visibility, and smart alerts support ownership.

One product story fits many everyday spaces

Wellwa can be positioned as a premium connected wall mounted appliance for homes, small offices, kitchens, salons, and wellness-oriented retail spaces.

Home kitchen

Daily drinking and cooking

Family use

Simple shared operation

Office pantry

WiFi status and visible modes

Salon & beauty

Lifestyle-friendly positioning

Retail demo

Reduced explanation time

Premium gifting

Design-led product choice

A showroom demo can follow four clean steps

1

Show the product

Start with the premium finish and compact countertop presence.

2

Explain the panel

Walk through the display, Auto pH Control, modes, WiFi, and filter-life indicator.

3

Match the customer

Use design preference and plate count to guide Aura, Aura+, or Aura Maxx.

4

Close with ownership

Explain WiFi support, E-Clean, filter awareness, and service after installation.

Simple demo, clear choice, easier after-sales conversation.

Built for a cleaner product story

Premium finishes, intuitive controls, Auto pH Control, clearly named water modes, and WiFi connectivity help customers understand the range quickly and choose confidently.
